FEEDING DIRECTIONS

Feed PowerCubes™ + Minerals as a protein and energy supplement to beef cattle on all types of roughages. Feed to mature cows, and bulls at the rate of 2 to 5 pounds per head per day. Feed yearlings and calves at the rate of 2 to 3 pounds per head per day. Feeding rates will vary depending on the quantity and quality of available forage and the age and condition of the animal. An adequate supply of forage (grass or long-stem hay) or another roughage source and fresh, clean water should always be available.

CAUTION

Product contains concentrations of fumonisins suitable for consumption by ruminant animals only.

WARNING

Do not feed to sheep or goats due to high copper levels.
