

ABOUT US

Pellet Technology USA, LLC (PTUSA) was founded at its research center in Gretna, Nebraska in 2012 to deliver high-quality feed products to the animal agriculture industry, packaged to conveniently meet animal's nutritional needs.

OUR FACILITY

The company began commercial production in 2014 in Gretna, Nebraska and in 2016 at the York, Nebraska facility, which has the capacity to produce 70,000 tons of range cubes and more than 300,000 tons of other products annually.

OUR TEAM

PTUSA utilizes a team of nutrition consultants, focused on discovering innovative ways to package distiller's feed products and to maximize animal performance. The company's network of feed consultants and local distributors throughout the heartland ensures that PTUSA stays focused on the needs of the end users.

PTUSA is a wholly owned subsidiary of ICM Investments.
