

POWER CUBES™

+ MINERALS

PowerCubes™ + Minerals range cubes are designed as a mineral-fortified protein supplement for beef cattle on pasture. The product combines the advantages of distillers grains with essential minerals and nutrients cattle need. These essential elements are proven to decrease scouring and improve immune function, while also positively impacting the breeding potential of the entire herd. A great source of calcium, phosphorus, and potassium, PowerCubes™ + Minerals includes added zinc, copper, manganese, magnesium, cobalt, and iodine. It also has added vitamin A, D, and E.

FEED YOUR HERD WITH A SUPERIOR QUALITY PRODUCT

- Less than 1% fines within each load
- Structural integrity is maintained even in the heat of summer

EXPERIENCE CONVENIENT FEEDING

- ¾" extruded cube allows for little to zero loss of feed when fed to cattle on pasture or range production systems
- Easy to feed at a rate of 2-5 pounds per head per day

GIVE YOUR CATTLE EXACTLY WHAT THEY NEED

- 28% crude protein with 6% crude fat for beneficial nutrition
- Meets 8% dietary crude protein necessary for cow maintenance
- Additional bioavailable zinc, copper, manganese, magnesium, cobalt, iodine, and vitamins, A, D, and E

SUPPORT YOUR HERD'S PRODUCTION CYCLE

- Optimizes cow vitality in preparation for calving and into early lactation to aid in maintaining both cow and calf
- Maintains herd longevity with additional crude protein and energy for proper development of bulls and heifers
