

ABOUT US

Since 2012, Pellet Technology USA, LLC (PTUSA) has been providing the animal agriculture industry with high-quality feed products conveniently packaged to meet the nutritional needs of animals.

OUR FACILITY

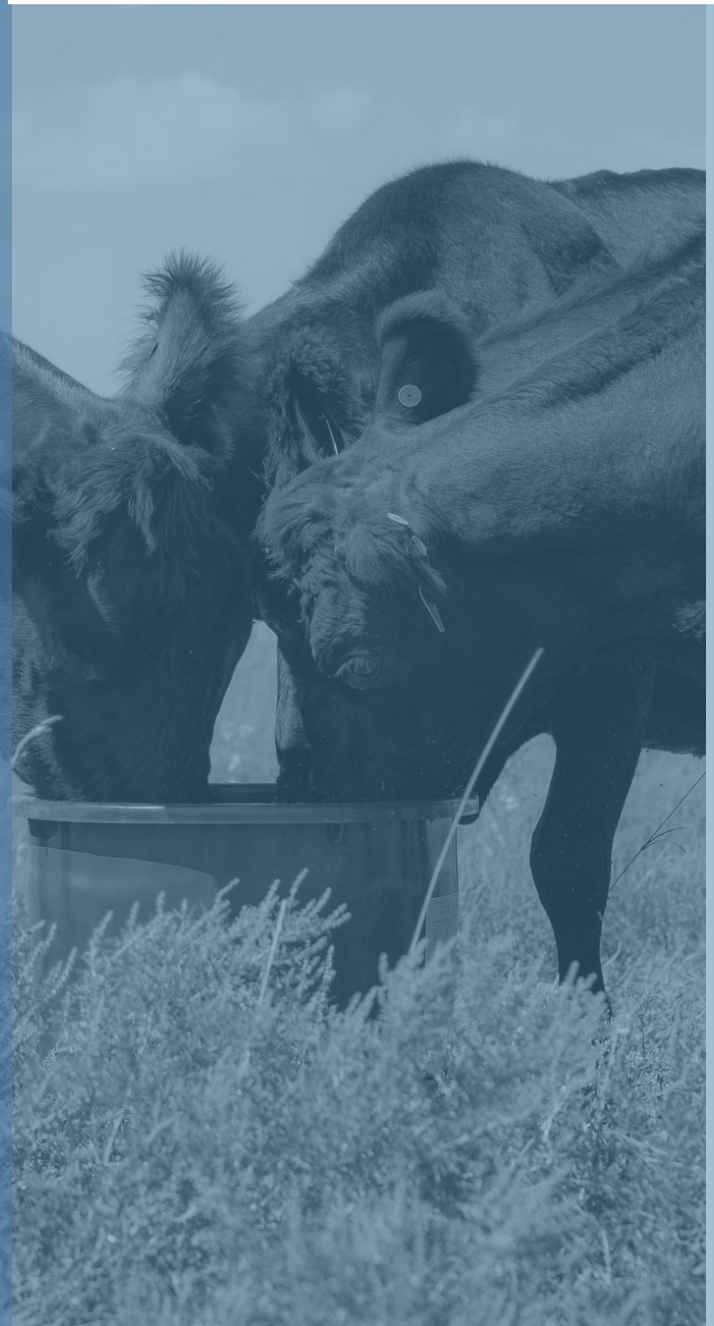

The company is based in York, Nebraska. Its production facility has the capacity to produce 70,000 tons of range cubes and more than 50,000 tons of other products annually.

OUR TEAM

PTUSA utilizes a team of nutrition consultants, focused on discovering innovative ways to package distillers feed products while maximizing animal performance. The company's network of feed consultants and local distributors throughout the heartland ensures that PTUSA stays focused on customer needs.

OUR PRODUCTS

PowerTubs™

PowerTubs™ provide a nutrient-dense, convenient way to feed cattle. They combine natural protein, fat, soluble fiber and vitamins that can optimize rumen performance. PowerTubs™ improves cattle vitality and supports the growing phase of grazing calves.
